

AGENDA FOR 2020 VIRTUAL FALL TRANSPORT OUTLOOK CONFERENCE NOVEMBER 9 AND 10, 2020 VIA WEBINAR

The Transport and Logistics Industry is coping with COVID and the unknown as business recovers from shutdown to growing supply chain activity!

DAY ONE, NOVEMBER 9, 2020 at 11:00 AM to 1:15 PM

Moderator: Bob Armstrong, President CILTNA

11:00 AM - Deputy Minister, Transport Canada, Michael Keenan will address the safety and policy activity at Transport Canada as the department copes with the pandemic while business recovers from a shutdown period to increased activity. He will address the digitization of the cargo industry and steps the government is taking to support its digitization.

Deborah Flint, President & CEO, Greater Toronto Airports Authority, will address how the airport is operating during a period when revenues have fallen by 98% but air traffic is beginning to ramp up. She will also outline what Canadian airports need from the government to be able to rebuild, recover, and remain competitive and efficient for tomorrow.

12:30 PM - Dr. Bill Anderson, Director Cross-Border Institute at University of Windsor, will provide an update on the level and nature of activity at the Canada-US border and the impact on the trucking industry, business and people.

1:15 PM - Wrap up by Moderator followed by a Virtual Annual General Meeting of CILTNA. ***For CILTNA members.** *Moving Forward in

Uncertain Times: Recovery Leadership for Today for A Stronger Transportation & Logistics Sector

DAY TWO, NOVEMBER 10, 2020 at 11:00 AM to 1:30 PM

Moderator: Paul Miller

11:00 AM - Opening panel on the rail industry will be started by Marc Brazeau, President and CEO, Railway Association of Canada, who will describe the key policy issues impacting the rail industry during the pandemic and the impact of COVID on passenger and rail freight. James Clements, Senior Vice-President Strategic Planning and Technology Transformation, CP, will explain the impact of policy issues on CP and its new service recently launched at the port of Saint John, NB.

Phil Eng, President, Long Island Rail Road.

11:50 AM - The Marine panel will be kicked off by Bruce Burrows, President and CEO, Chamber of Marine Commerce, who will outline the current impact of COVID on the marine sector and how the industry is coping with change in volumes and nature of shipments in, and connecting with, the St. Lawrence Seaway and Great Lakes Waterways.

Tony Boemi, Vice-President, Montreal Port Authority will outline the impact of COVID on the port and how it is adjusting to the new norm.

12:30 PM – Ferio Pugliese, Senior Vice-President, Air Canada Express and Government Relations, will speak about how Air Canada is coping with COVID and how his airline sees the future.

1:00 PM - The Shippers Perspective will be led by a Shipper to outline the impact of COVID for shippers and logisticians.

1:30 PM - Closing remarks by Moderator
